October is in full swing! The kids are so excited for Halloween! I love to hear what everyone is planning on being for this fun day! Happyland will have our annual Halloween Parade on October 30th at 9:15. Please join us as we walk down to Las Olas to show off all of our adorable trick or treaters! It only takes about 15 minutes and it really is so much fun!

A friendly reminder about parking at drop off and pick up times. Happyland families are not permitted to use the city parking across the street. Not even if you plan on going to the park after, I've tried that angle. We have been so fortunate to not have a visit from our local police, but it's only a matter of time. They have and will issue tickets. Our families are permitted to use the parallel parking in front of the school, the church, and the large lot to the east of the church. Also, please be careful NOT to use the neighbors parking at anytime. This really doesn't go over well with them!

When parking, in our designated areas, remember not to leave anything of value in your car. We have already had two smash and grabs this year and one theft of valuables in an unlocked car. The perpetrators know that people come to the schools in this area with nice things and full hands. A dangerous combination! All of the schools in this area have been targeted. No matter how fast you think you're going to be please don't take a chance! And remember thieves don't know that there is nothing of value in a bag that they see through the window. They will smash, grab, and realize later that they have stolen your dirty gym clothes. Meanwhile you have a broken window! Thank you for your attention to this important matter.

Next week at drop off there will be a quick meeting for people who have volunteered to help with Brunch with Santa and our December Book Fair. Thank you for your help!

## PARENT CLUB MEETING

Feeling stressed? Then join us for a special Parent's Club Meeting on November 6th at 9:15. Special guest Pam Butler will be sharing with us techniques to handle stress through mindfulness, breathing, and meditation. Pam is a certified Chopra Meditation Instructor.
